

Protective Cover Product Catalog

Mithril Corrosion Control Products

Protective Cover

Protective covers are used to protect the threads of the access fittings. They protect the threads from mechanical damage, moisture, dust and dirt.

Mithril manufactures high-end covers suitable for the most demanding environments.

Features:

- Manufactured from 1018 Carbon steel Alloy
- No welds, One-Piece construction
- Adjustments to dimensions are available upon request

Fig.1 Protective Cover

Part Number	Material	Dimensions	Features
